CUSTOMIZATION

CUSTOMIZATION IN PRODUCTION

CUSTOM BOTTLE / JAR SHAPE

Develop, design and produce a customized glass container

- + Stand out among other products in the marketplace
- + Proprietary rights of your glass design

EMBOSSING

Your logo / artwork is incorporated into the glass mold and we arrange production for your customized produce

- + Customizing existing glass shapes is often more expedient than developing a custom shape

CUSTOM PRODUCTION PROCESS

Custom glass production involves designing a bottle, producing a mold, producing samples and then confirmation, all of which we do!

CUSTOMIZATION

POST-PRODUCTION CUSTOMIZATION

PAINTING

Paint your item any color and opacity

- + More versatile and cost-effective than producing colored glass
- + Striking appearance

SCREEN PRINTING

Your artwork is printed directly onto the glass

- + Very striking appearance, the contents of your bottle are the background of your image

HEAT TRANSFER PRINTING

Multicolored artwork or artwork with a gradient is printed onto a special material then applied to your bottle / jar

- + Same effects of screen printing but can be used with multicolored and complex designs

ETCHING

Computer numeral control machine etches your logo onto glass

- + Subtle elegant way to brand your products

CUSTOMIZATION

NON-GLASS PRODUCTS

ADHESIVE LABELS

High quality paper or synthetic labels with several decorative options
+ Most versatile form of decoration

CUSTOM CAP PRINTING & COLORS

Whether metal or plastic, we can custom make caps in any color with your logo
+ Producing a custom cap is often more cost effective than producing a custom bottle

PACKING BOXES

Why stop with a glass bottle? We can produce boxes as well!
+ Add value to your product with more comprehensive packaging
